

Map of the Garden

1. Agardhianum: Office and information.
2. Greenhouse. Open daily 11 am to 3 pm.
3. Toilets.
4. Café Botan, open daily 11 am to 6 pm, April–September.
5. Old Botanical Museum.
6. Gula Villan.
7. Rock Garden, a collection of plants mainly from mountain areas, and many are spring-flowering.
8. Spice and Medicinal Garden, plants used for a wide variety of purposes – medicinal, culinary and aromatic.
9. Economic Plants, vegetables, cereals and old kitchen plants.
10. Systematic Section, plants arranged systematically. The monocotyledons grow in the western part and the dicotyledons in the eastern part.
11. Ornamental plants, modern cultivars of annuals and perennials grown for inspiration and beauty.
12. "Skånes stenar", a collection of stones found in the province of Scania.

THE GARDEN HOUSES MANY OLD AND EXOTIC TREE SPECIES. FOR EXAMPLE:

13. Ginkgo, *Ginkgo biloba*.
14. Judas tree, *Cercis siliquastrum*.
15. Bald cypress, *Taxodium distichum*.
16. Tulip trees, *Liriodendron tulipifera*, and Magnolias, *Magnolia*.
17. Katsura, *Cercidiphyllum japonicum*.
18. Sweet chestnut, *Castanea sativa*.
19. Catalpa, *Catalpa bignonioides*.
20. Dove-tree, *Davidia involucrata*.
21. Giant redwood, *Sequoiadendron giganteum*, and Dawn redwood *Metasequoia glyptostroboides*.
