CHALLENGE: Close, closer, the closest!

If you view a plant closely a new world of details reveal itself. Can you find the plants and places that we have taken photos of? The map below tells you where to look. Choose between three levels of difficulty: Easy, medium or hard. The more extreme close-up photo the bigger challenge! Do you or your friend find them first?

What plant is it? Level 2: Medium

Please, note!
You are only allowed to walk on the paths, not among the plants.

Did you succeed? Why not take your own photos and challenge your friends?
